

LESS IS MORE.

Significantly reduce the non-value added costs for fulfilling Move, Add and Change services.

how we do it

- Identify non value added cost
- Develop recommendations to eliminate
- Develop reports to manage

how it works

- Define project goals
- Map your existing processes
 - Work order flow from service request to invoice
 - Product flow
- Time study of activities

what we provide

- Map of existing processes
- Benchmark against Industry practices
- Develop cost reduction strategies
- Impact / Effort analysis
- Recommendations

common results

- 25% reduction of non value added cost
- Ongoing management reports
- Increased understanding and visibility to processes
